Hi Robert,

We had a graduation party last Sunday. Long before 3:00 pm, all the students in my class couldn't wait to come to the hall. Our teachers and parents were invited to the party, too. First, our monitor made a speech. He thanked our teachers and parents sincerely. Next, we gave presents to each other. The most exciting moment was the show time. We sang, danced and played games. Our English teacher told a story which made us all laugh. Everyone was so happy. I think the wonderful party will always be in my mind.

Do you have such a party? Please write soon.

Yours,

Li Ming
